Sub: "Loha Lakshmi" Report Card for the month of April '22.....
on a/c your Centuary Project Site.....

Dear Sir,

Greetings from SRMB Parivar.

We are pleased to inform you that we have acquired the status of **Primary Producer of Steel** and various Govt. & Semi Govt. clients have accorded us approval as Primary producer of Steel as well. As a part of our technological innovation we have introduced "Block Mill" in our state of the art plant at Durgapur after M/s. Tata Steel. The unique advantage which we offer to our clients is precision measurement of Rebars sizes and consistent supply of Rebars in negative rolling margin which is only possible through rolling of Rebars in Block Mill. This proposition genuinely offer the consumers a very useful way of saving in regard to cost of steel.

We are now introducing "LOHA LAKSHMI" monthly report card to be sent to our valuable customers to share monthly saving data against "SRMB TMT" material received at their site. This is a first of its kind initiative in the steel industry by our company to supply world class rebars to our customers at unparallel economic proposition.

As a part of our routine post sales QA activitiy we have taken measurement of our supplied materials to your project site located at Tallygunge, Kolkata..... and we are happy to inform you the savings on purchase of steel for the month of April '22..... is given herewith.

An ISO 9001, ISO 14001 & OHSAS 18001 Company
